

# Barkey **vialguard**

Accessory for plasmatherm C&G and varitherm

► Silicone grid for automated dry vial thawing with Barkey plasmatherm C&G and Barkey varitherm.

► Easy to write reproducible SOPs.

► Conforms safely to the top and bottom warming cushions to ensure uniform heat transfer.

► Enables simultaneous multiple vial thawing. Supports various volumes of vials and tubes during a single thawing run.

► Sleek design for tight conformity of vials helps secure positioning and prevent colliding during thawing process.

► Withstands most cleanroom cleaning procedures. Compatible with common sanitizing.

Product	Barkey vialguard
Material	Silicone
Color	transparent
Dimensions	15,7 x 11 x 0,1 in (L x W x D)
Dimensions cut out	5 x 1 in
Weight	0.22 lbs
Certification	CE
